**Re: CC Docket 96-45, Federal State Joint Board on Universal Service  
Oklahoma Independent RSA 5 Partnership  
SAC: Applied For**

Dear Ms. Majcher and Ms. Dortch:

On October 24, 2008, the Oklahoma Corporation Commission issued a Final Order in Cause No. PUD 200800233 concerning the eligible telecommunications carrier ("ETC") status of Oklahoma Independent RSA 5 Partnership in certain rural and non-rural telephone company service areas in the State of Oklahoma. A copy of the Oklahoma Commission's October 24, 2008 Final Order is enclosed for your reference.

As set forth in the Final Order, the Oklahoma Commission has confirmed the ETC designation of Oklahoma Independent RSA 5 Partnership in the following areas:

Incumbent Telephone Company – Study Area Code	CLLI	Name
Dobson Telephone Company – 431988	CHYNOKXA CMRGOKXA ERCKOKXA LEDYOKXA RGMLOKXA RYDNOKXA SWTWOKXA TALGOKXA VICIOKXA	Cheyenne Camargo Erick Leedey Roger Mills Reydon Sweetwater Taloga Vici

HEARING: September 4, 2008, before Maribeth D. Snapp, Administrative Law Judge

APPEARANCES: John W. Gray, Jr., Attorney, *representing* Dobson Cellular Systems, Inc., Oklahoma Independent RSA 7 Partnership and American Cellular Corp.  
Dallas E. Ferguson and Mark J. Ayotte, Attorneys, *representing* Oklahoma Independent RSA 5 Partnership  
Don Schooler, Assistant General Counsel, *representing* Public Utility Division, Oklahoma Corporation Commission

**FINAL ORDER**

BY THE COMMISSION:

The Oklahoma Corporation Commission ("Commission") being regularly in session and the undersigned Commissioners being present and participating, there comes on for consideration and action the Application of Dobson Cellular Systems, Inc., for itself and on behalf of Oklahoma Independent RSA 7 Partnership (collectively "Dobson") and American Cellular Corporation ("ACC") to relinquish their designations as an Eligible Telecommunications Carrier ("ETC") and allowing Oklahoma Independent RSA 5 Partnership ("OK 5 Partnership") to remain as an ETC as previously provided for in Commission Order No. 495564 and Order No. 534334.

**PROCEDURAL HISTORY**

On July 25, 2008, Dobson, and its affiliate ACC, now all subsidiaries of AT&T Inc., filed an Application jointly with OK 5 Partnership, seeking an order of the Commission accepting the relinquishment of the ETC designations granted to Dobson and ACC, and amending the ETC designation order to clarify that OK 5 Partnership will remain an ETC as to certain designated areas. The hearing on the merits was held September 4, 2008.

**BACKGROUND**

On September 28, 2004, the Commission issued Order No. 495564, in Cause No. PUD 200300239, designating Dobson, including OK 5 Partnership, as a federal ETC for certain areas. Specifically, the Commission granted ETC status to Dobson and OK 5 Partnership in the service territory of Southwestern Bell Telephone Company (f/k/a as Southwestern Bell Telephone, L.P.), Windstream Communications Southwest (f/k/a Valor Telephone Company), Beggs Telephone

Company, Canadian Valley Telephone Company, Carnegie Telephone Company, Dobson Telephone Company and Oklahoma Telephone & Telegraph, Inc.

On January 18, 2007, the Commission issued Order No. 534334, in Cause No. PUD 200500122, designating Dobson and ACC, including OK 5 Partnership, as a federal ETC for additional areas. The Commission granted Dobson and OK 5 Partnership ETC status in various identified exchanges of Southwestern Bell Telephone Company d/b/a AT&T Oklahoma and Windstream Communications Southwest (f/k/a Valor Telecommunications of OK, LLC), as well as the study area of South Central Telephone Association, Inc. – KS. The Commission also granted ETC status to ACC in the Oklahoma study areas of Atlas Telephone Company, CenturyTel of NW Arkansas-Russellville, CenturyTel of NW Arkansas – Siloam Springs, Craw-Kan Telephone Cooperative, Inc. – KS, Grand Telephone Co. Inc., Ozark Telephone Company, Seneca Telephone Company and Wyandotte Telephone Company. The Commission also conditionally granted Dobson and OK 5 Partnership ETC status, pending concurrence by the Federal Communications Commission (“FCC”) to redefine the service area requirement, in certain exchanges of Alltel Oklahoma, Inc., Central Oklahoma Telephone Co., Cherokee Telephone Co., Cross Telephone Co., Hinton Telephone Co., Oklahoma Communications Systems, Inc., Panhandle Telephone Cooperative, Inc., Pioneer Telephone Cooperative, Inc. and Pottawatomie Telephone Co. The Commission similarly conditionally granted ACC ETC status, pending redefinition concurrence, in certain exchanges of Salina-Spavinaw Telephone Co., Inc., Totah Communications, Inc. and Oklahoma Alltel, Inc. Concurrence in the service area redefinition by the FCC occurred as a matter of law on September 4, 2007.<sup>1</sup>

On November 15, 2007, the FCC approved AT&T Inc.’s application to acquire Dobson Communications Corporation, the parent corporation of Dobson (and thus of ACC).<sup>2</sup> Following AT&T’s acquisition of Dobson Communications Corporation, Dobson and ACC each remained a wholly-owned subsidiary of Dobson Communications Corporation. As a condition of its approval of the acquisition, the FCC required AT&T Inc. to divest all licenses and related operational and network assets in certain areas, including the Oklahoma 5 – Roger Mills RSA. Accordingly, AT&T has divested the licenses and related operational and network assets in the Oklahoma 5 – Roger Mills RSA, which included its interest in OK 5 Partnership.

For the designated areas outside of the Oklahoma 5 – Roger Mills RSA, AT&T Inc. has begun the process of integrating Dobson and ACC into AT&T Inc.’s wireless subsidiary, AT&T Mobility. AT&T Mobility has not sought, nor has it been granted, ETC designation in Oklahoma. AT&T Mobility has decided to relinquish the Dobson and ACC ETC designations for areas in Oklahoma that are under its control. The Application contained a listing of those

---

<sup>1</sup> As part of the FCC proceeding to obtain concurrence in the service area redefinition, Dobson withdrew its request for redefinition and designation in the area of Hinton Telephone Co. As a result, Dobson’s conditional ETC designation in the specified exchanges of Hinton Telephone Co. never became effective.

<sup>2</sup> *In the Matter of Applications of AT&T Inc. and Dobson Communications Corporation for Consent to Transfer Control of Licenses and Authorization*, WT Dkt No. 07-153 (rel. Nov 15, 2007) (AT&T/Dobson Order).

areas. They are identified on Exhibit B hereto. AT&T Mobility will continue to provide wireless service in the areas listed in Exhibit B.

On July 25, 2008, Dobson, and its affiliate ACC, now all subsidiaries of AT&T Inc., filed an Application, jointly with OK 5 Partnership, seeking an order of the Commission accepting the relinquishment of the ETC designations granted to Dobson and ACC, and clarifying the ETC designation order to clearly recognize that OK 5 Partnership was designated an ETC as to certain designated areas.

The July 25, 2008 Application filed by Dobson, ACC and OK 5 Partnership contained a listing of all of the Oklahoma areas in which the Commission granted Dobson, ACC and OK 5 Partnership ETC status in Order Nos. 495564 and 534334, including those areas in which Dobson, ACC, and OK 5 Partnership became ETCs after the FCC's concurrence in redefinition of the service area requirement. Those designated areas are set forth on Exhibit A hereto.

#### **FINDINGS OF FACT AND CONCLUSIONS OF LAW**

The Commission finds that it has jurisdiction over this Cause pursuant to Art. IX, §18 of the Oklahoma Constitution, 17 O.S. §131 *et seq.*, Oklahoma Administrative Code 165:55-23 and 47 U.S.C. § 214(e)(4). The Commission further finds that within all of the areas to be relinquished as listed on Exhibit B, the underlying incumbent local exchange carrier, among others, is designated as an ETC. No purchase or construction is required for other carriers to continue to serve customers in the Dobson and ACC ETC designated areas listed in Exhibit B.

Furthermore the Commission finds that because Dobson will not be an ETC in Oklahoma, Dobson and ACC are not eligible to receive federal low-income support for customers in Oklahoma, and accordingly will not be offering service with the Lifeline discount to customers in the areas listed in Exhibit B. AT&T Mobility has committed that within fifteen (15) days of the Commission issuing a Final Order in this matter, it will cause a notice to be sent to all Lifeline customers in the areas listed in Exhibit B, advising them that Dobson and ACC will no longer be offering Lifeline service. This notice will allow current customers receiving the Lifeline discount from Dobson or ACC to have an opportunity to select an alternative telecommunications carrier in order to maintain Lifeline service, or to change to a non-Lifeline AT&T Mobility calling plan. AT&T Mobility has committed that once it sends the notice, Lifeline customers will have 30 days to select an alternative Lifeline service provider or a non-Lifeline AT&T plan without penalty or early termination charges.

Further, the Commission finds that upon relinquishment of their ETC designation, Dobson and ACC will no longer be required to offer all of the services required by 47 U.S.C. § 214 or be bound by the terms and conditions of the Commission's Dobson ETC Designation Orders. Upon relinquishment, there will be no need for Dobson and ACC to file the annual reports, Lifeline verification reports, or other ETC compliance or reporting filings required by federal law or Subchapter 23 of the Commission's rules, as to their customers located in Oklahoma.

The Commission further finds that requirements of 47 U.S.C. § 214(e)(4) and 47 C.F.R. 54.205 have been met: Dobson and ACC have provided the required advance notice of ETC

relinquishment, and the Commission hereby finds that all Oklahoma customers served by Dobson and ACC will continue to be served by a telecommunications carrier.

The Commission further finds that although Dobson and ACC have sought relinquishment of their ETC designations, OK 5 Partnership desires to retain its existing ETC status for those areas listed on Exhibit C. OK 5 Partnership continues to serve its customers and meet its ETC designation obligations. As to the areas listed on Exhibit C, OK 5 Partnership continues to offer all of the services required by 47 U.S.C. § 214, the FCC's rules, the Dobson ETC Designation Orders and Oklahoma Administrative Code 165:55-23 as a designated ETC.

The Commission further finds that OK 5 Partnership is authorized by the Federal Communications Commission ("FCC") to provide wireless services within the designated areas listed on Exhibit C. As demonstrated by the Affidavit of Jonathan Foxman, OK 5 Partnership is authorized by the FCC to provide wireless service to those areas listed on Exhibit C, including the Sweetwater and Erick exchanges in Beckham County. Based on a review of the Oklahoma designated areas from the Commission's prior Orders, various maps and information from the FCC's Universal Licensing System indicating where OK 5 Partnership is authorized to continue to provide service, the Commission finds that OK 5 Partnership is authorized to provide wireless service in those areas listed on Exhibit C. OK 5 Partnership's authorization to serve these areas did not change as a result of the FCC's requirement for AT&T, Inc. to divest its ownership interest in the OK 5 Partnership. The Commission further finds that OK 5 Partnership is able to serve throughout these areas under its roaming arrangements with other wireless carriers and OK 5 Partnership has committed to comply with the Extension of Facilities requirements set forth in OAC 165:55-23-13(b).

The Commission finds that it is appropriate for the Commission to issue an Order clarifying that OK 5 Partnership will remain an ETC for the areas listed on Exhibit C. This will enable OK 5 Partnership to obtain its own study area code from the Universal Services Administrative Company ("USAC") for purposes of continuing to receive federal universal service support, and will provide greater clarity as to the identity of the designated ETC for purposes of future administrative filings and compliance. The Commission finds that OK 5 Partnership has met, and continues to meet, all of the federal and State requirements for designation as an ETC. This Order confirming that OK 5 Partnership remains an ETC for the areas listed on Exhibit C is nothing more than a clarification of Order No. 495564 and Order No. 534334, in which the Commission found that OK 5 Partnership met the criteria for designation as an ETC, and therefore no additional information need be submitted.

The Commission finds that it is appropriate for OK 5 Partnership to submit amended filings and updates of information with the Commission, as required under OAC 165:55-23, in the name of "Oklahoma Independent RSA 5 Partnership." The amended filings will include an informational tariff identifying available service offerings (OAC 165:55-23-3(a)), Lifeline information (OAC 165:55-23-15), and Link Up information (OAC 165:55-23-17), as well as an update of contact names as required by OAC 165:55-23-3(d).

Finally, the Commission finds that there has not been any opposition to the relief requested in this Cause.

FCC Mail Room

ORDER

IT IS THEREFORE THE ORDER OF THE OKLAHOMA CORPORATION COMMISSION that the above findings and conclusions are hereby the Order of the Commission.

IT IS FURTHER ORDERED that Dobson and ACC have relinquished their ETC designation as to the areas identified on Exhibit B. Dobson and ACC are no longer required to file the annual reports, Lifeline verification reports, or other ETC compliance or reporting filings required by federal law or Subchapter 23 of the Commission's rules, as to their customers located in Oklahoma.

IT IS FURTHER ORDERED that within fifteen (15) days of this Order, AT&T Mobility shall send a notice to all current Lifeline customers in the areas identified on Exhibit B, advising them that Dobson and ACC will no longer be offering Lifeline service. These Lifeline customers will have thirty (30) days from the date of the notice to select an alternative Lifeline service provider or a non-Lifeline AT&T plan without penalty or early termination charges.

IT IS FURTHER ORDERED that Oklahoma Independent RSA 5 Partnership shall continue to be designated as an ETC and prospectively its ETC designation shall be in its own name for the areas identified on Exhibit C for the purposes of eligibility to receive federal universal service support. Oklahoma Independent RSA 5 Partnership shall continue to comply with applicable federal requirements and with the Commission's Subchapter 23 Rules. Within forty-five (45) days of this Order, Oklahoma Independent RSA 5 Partnership shall submit filings and updates of information required by the Subchapter 23 Rules in its own name, as specified above.
